Cookie Policy

The present cookie policy gives information on the use of cookie in our website

www.alexwbettini.com and integrates our Privacy Policy on the use of the personal data. Our site uses different kind of cookie to guarantee the best navigability and an optimal use of our contents.

What are cookies?

Cookies are small text files commonly used on internet and automatically saved on the device in which the browser or the program are placed to access the web: They contain information of the site use and of the navigation but not the one for personal identification.

The picked data in these cookies are used to improve web site functions, to personalize navigation experience and consumer interaction.

Cookies are divided in different categories according to their nature, for example according to their purpose or to the permanence in the device memory, but mainly divided in two types:

· Technical cookies: necessary for a correct site use, to keep connection with the user, the language setting and the choice of visual options. Absence of one of these can affect the correct use of the site..

· Profiling cookies: to outline the consumers for future dispatching of advertising messages according to the preferences showed during navigation.

Other classifications are for duration and time of activity:

· Session cookies: they make their own function during navigation and they are cancelled at browser closure.

· Persistent cookies: they persist in the device over the duration of the navigation of the consumer.

Cookies are also classified for subject that it checks the initial dispatch to the device and the following picked information:

· First-part cookie: they are created and managed by the subject manager of the website on which the consumer is browsing.

· Third-part cookie: they are created and managed by third –party subjects , different from the manager of the website on which the consumer is browsing.

What cookies are used on this site?
